## Ghana Students Demonstrate in Russia

By PRESTON GROVER

MOSCOW (AP)—Several hundred students from Ghana and other African nations stormed into Red Square today right under Premier Khrushchev's office windows, fought with police and tried to break into the Kremlin.

The students said they were protesting the fatal stabbing of a student from Ghana by a Russian last Friday.

The Africans broke past barricades into Red Square, where Russians march on May Day and on the anniversary of the October Revolution. But the scene was more reminiscent of the wild days of the revolution in 1917.

The students bore a sign showing a knife plunged into the head of an African. Another sign declared: "Friend today, the devil tomorrow."

"Moscow is a second Alabama," shouted one student.

The students fought police all the way to Red Square from the Ghanaian Embassy a mile away, where they first gathered.

They stormed over a barricade of Soviet trucks at the entrance to Red Square, fighting police on top of the trucks and underneath.

The big gates of Spassky Tower, the main entrance from the Kremlin into Red Square, banged shut as students rolled over police opposition and tried to get into the Kremlin.

They stormed past the office of Khrushchev. They were separated from his office by the big red brick wall of the Kremlin. Whether he was inside his office was not known.

Inside the Kremlin, the Soviet Parliament was meeting, discussing the new budget.

Police apparently at no time used their guns to control the students. Instead they wheeled our loud speakers appealing for them to go home.

"Red Square is closed," one of the sound trucks blared out. But the students paid no attention.

Shortly after 2 p.m. crowds of shoppers who had swarmed into the square were driven out along with foreign correspondents.

People continued to pile into

## Tree Poachers a Big Menace

ATLANTA (AP)—Christmas tree poachers are becoming a serious menace in north Georgia.

State Sen. Zell Miller said Tuesday he will ask the Legislature to enact a law to allow state patrolmen to stop any car loaded with trees or shrubs and demand proof of ownership.

Miller said poachers are cutting trees on private and government property in the north Georgia mountains and selling them in urban markets.

## Teletypes for Sheriffs to Connect All

LITTLE ROCK (AP)—Sheriff's offices in eight Arkansas counties will be linked soon in an experimental phase of teletype network which may eventually reach into all 75 counties.

Teletype machines already have been installed in Garland, Jefferson, Mississippi, Craighead, Crittenden and Lee counties and Southwestern Bell Telephone Co. will have Pulaski and Desha counties on the circuit within a week.

The project is being pushed by the Arkansas Sheriff's Association which advanced the idea at a convention two years ago. The eight-county circuit will be tied Jan. 8-10 to the Arlington Hotel in Hot Springs where the association is holding its 1963 meeting. It hopes that other sheriffs, when they see the circuit work at the convention, will want it for their offices.

A spokesman for the association predicted that eventually 60 to 70 sheriffs will subscribe to the service. The circuit works like a telephone circuit except that messages are transmitted on printer rather than by voice and the cost of the message exchange is less.

For example, a telephone call between Little Rock and Fort Smith costs \$1.30 for three minutes at the daytime, person-to-person rate. A teletype exchange lasting three minutes would cost only 60 cents.

Contacts between offices is made by dialing on the teletype exchange. Messages are private or, if the sender wishes, he may be connected to a number of receiving units for transmission to a number of points at once.

The Arkansas circuit will be part of the Bell System's national teletype circuit of 60,000 stations and will enable Arkansas sheriffs to contact law enforcement agencies almost anywhere in the nation at teletype's cheaper rates.

Neale Quinn, a Bell special representative who is overseeing installation of the experimental circuit, said a similar system is being used in Louisiana and the network should be extremely valuable to South Arkansas sheriffs who are in frequent contact with Louisiana authorities.

## Trees Arrived Appropriately

MISSOULA, Mont. (AP)—A freshly cut crop of Christmas trees was delivered Tuesday to a service club which sells them. The trunk of one tree had grown through a pair of eye glasses, apparently lost by its owner years ago.

The trees are sold to finance the service club's "Sight Conservation" program.

## Star's Christmas Dinner for All Local Newsboys Is to Be Held on Friday

Hope Star's Christmas dinner for all newspaper delivery boys, regardless of the paper's name, will be held at 7 o'clock Friday night, December 20, in the main banquet room of the Diamond Cafeteria.

As in the past, the invitation is extended to carriers serving not only The Star but also those delivering Arkansas Gazette, Arkansas Democrat, Texarkana Gazette, and Shreveport Times, and the weekly Grit.

The newspaper agents are asked to notify The Star office at the earliest how many of their carriers will attend the dinner, specifying whites and Negroes. Arrangements for the Negro Christmas party will be made through one of The Star's Negro distributors.

The all-newsboy Christmas event — rather than one restricted to this paper's carriers alone — developed from the thought that possibly some boy serving the newspaper industry would be overlooked at this holiday time; therefore the invitation extends city-wide and includes the retail trading territory: Prescott, Emmet, Fulton, Washington. But registration must be made at The Star, either by letter or telephone, so the right number of meals may be prepared.

## Foreign Aid Heads for New Fight in Senate

By ERNEST B. VACCARO  
Associated Press Staff Writer

WASHINGTON (AP)—The foreign aid program headed into a new Senate fight today.

The stage for a new round of debate was set when the Senate Appropriations Committee Tuesday approved a measure carrying \$3,299,500,000 in new appropriations for overseas assistance — as compared with the \$2,801,700,000 the House voted Monday.

The Senate group also dropped a House amendment that would prohibit the government from guaranteeing private financing of any sales of U.S. grain to Communist bloc countries.

Senate Democratic Leader Mike Mansfield planned to bring up the bill late today under a unanimous consent agreement in the hope of getting final congressional action before this weekend's Christmas holiday adjournment.

But other proponents of the program conceded there was a possibility of further cuts before the Senate sends the measure to a conference with the House for ironing out differences between Senate and House versions.

Senate Republican Leader Everett M. Dirksen said the final compromise probably would be in the neighborhood of \$3 billion in new money and \$209 million in carryover funds, compared with the late President

## KXAR Offers Christmas Programs

KXAR will again offer its listeners a variety of interesting Christmas programs that show the beauty, warmth and reverence of the holiday season.

There will be more local programs than ever before. School groups from Brookwood, Garland, Hope Jr. and Sr. High, Hopewell, Paisley and Shover Street will have 15 minute programs. Mrs. Bess Evans' pupils will have a one hour program. All times will appear in a special holiday schedule in the Hope Star.

Other highlights will include a performance of Handel's Messiah by the Independence Messiah choir of 250 voices. There are six new upper room programs never previously broadcast on KXAR and they will be heard over a four day period.

There will be Drama by Gregory Peck, Norman Vincent Peale and Patty Duke and music by the most renowned recording artists in America.

KXAR has acquired a new recording of Dicken's Christmas Carol with Basil Rathbone to be featured on Christmas Eve night. Manager Haskell Jones says he is extremely proud of this year's Christmas schedule and promises that all listeners will find fine listening from Sunday noon to sign off Wednesday, December 25.

## Argentina to Sell Grain to Russia

BUENOS AIRES, Argentina (AP)—An Argentine firm said Tuesday it has contracted to supply Red China with 2 million tons of grain between now and the end of 1965. A minimum of 500,000 tons of this will be wheat, the rest corn and sorghum.

A senior spokesman for the firm, the Foreign Trade Co. of Buenos Aires, said the Argentine government had raised no objection.

## Probers Trying to Find Where Baker Got Cash

By JOHN CHADWICK  
Associated Press Staff Writer

WASHINGTON (AP)—Senate investigators said today they are trying to ferret out where Robert G. Baker got the thousands of dollars in cash a witness testified he kept in his Senate office.

To help them, President Johnson signed an executive order permitting the Rules Committee, which is carrying on the inquiry, to examine the tax files of Baker, Johnson's protégé when the President was Senate Democratic leader.

Sen. Carl T. Curtis, R-Neb., said he regarded the testimony about the money as "the big point" at the committee's first public hearings Tuesday in its investigation of Baker's business dealings and allegations of conflict of interest.

Baker, 35, resigned Oct. 7 from his \$19,600 post as secretary to the Senate's Democratic majority after questions were raised about whether his outside interests conflicted with his official duties or involved other improprieties.

The testimony that Baker kept large amounts of cash in his office came from Mrs. Gertrude C. Novak, a trim, blonde widow of a contractor who was Baker's partner in the building of the Carousel Motel at Ocean City, Md.

She told of getting thousands of dollars from Baker for deposit in the Carousel's account, to meet construction costs and operating expenses.

Sen. B. Everett Jordan, D-N.C., the committee chairman, said no more public hearings will be held until after the Christmas holidays.

## Says Consolidation Is No Answer

LITTLE ROCK (AP)—Gov. Orval E. Faubus said Tuesday that consolidation was not the solution to the high cost of county government.

Faubus said consolidation of county governments would not reduce the costs even five per cent, and "I'd be glad to debate Croxton on this."

The governor referred to Rep. Hardy W. Croxton of Benton County, who has suggested legislation which would allow counties to consolidate.

Croxton denied ever having advocated an arbitrary reduction in the number of counties. Croxton added that he "would not run from a debate on anything I advocate or have said."

Faubus said consolidation does not "reduce a mile of highways, reduce the costs of filing deeds, filing records and handling the many responsibilities through consolidation."

## M. L. Fox Sr., 56, Dies Suddenly Here Today

Martin L. Fox, aged 56, tire shop operator, died unexpectedly today in a local hospital. He had lived here for many years.

Survivors include his wife, Mrs. Velma Fox, a son Martin Fox Jr. of Little Rock, three brothers and two sisters. Arrangements will be announced by Herndon-Cornelius.

## Seven Counties Off the List

LITTLE ROCK (AP)—Seven Arkansas counties go off the list of counties eligible for federal Accelerated Public Works said today.

James L. Bland, state administrator of the Employment Security Division, said economic conditions in the counties have improved so much so that they no longer qualify for the aid. The counties are Poinsett, St. Francis, Prairie, Monroe, Benton, Clay and Lonoke.

## Says JFK May Have Survived First Bullet

By FRANK CORMIER  
Associated Press Staff Writer

WASHINGTON (AP)—President John F. Kennedy might have survived the first bullet to strike him in the Dallas assassination, a source familiar with autopsy findings reports; it was the second bullet which proved fatal.

This source said Tuesday night the first bullet fired by Kennedy's assassin struck the President in the back and did not damage any vital organs. He said it was not likely to have caused death.

This account of Kennedy's wounds differed sharply from earlier reports provided by physicians who ministered to the President shortly after he was shot Nov. 22.

Doctors who attended Kennedy in the emergency room at Parkland Hospital in Dallas found two wounds, one in the throat and one in the head. They expressed some uncertainty whether both were caused by the same bullet. But they said that if two bullets were involved, either wound could have been fatal.

Here is the new account of the wounds, as reported by a source fully acquainted with results of a post-mortem examination conducted at the Bethesda, Md. Naval Hospital.

The first shot struck Kennedy in the back, made what was described as a small, neat hole and penetrated two or three inches without damaging vital organs.

The bullet may even have entered Kennedy's back after first glancing off some part of the presidential limousine, since its penetration was not deep when compared with the damage done by the other shots fired by the assassin. This first bullet was said to have been the one that was recovered from the stretcher on which Kennedy was carried into the hospital.

The second bullet to strike Kennedy — the third bullet fired — left a large hole in the back of the President's head, destroyed considerable brain tissue and severely damaged the forehead. This wound caused instant death, although a faint spark of life may have remained for a few minutes in the heart and lungs.

This bullet, the source said, was recovered from the limousine.

The second shot fired by the assassin hit Gov. John B. Connally of Texas in the chest as he turned toward Kennedy after the first bullet hit the President. He was seated in front of Kennedy on a jump seat.

Since there was an interval of five or six seconds between Kennedy's first and second wounds, the new account leaves the implication that Kennedy might have survived — perhaps escaped serious injury — had he quickly thrown himself to the floor of his limousine after the first bullet struck.

It seems apparent, however, that the first wound was so painful and startling that Kennedy was unable to react immediately except to throw his hands in front of him. Assuming the first wound was not fatal, Kennedy's life might also have been saved had someone shielded him or knocked him to the floor of the car in the interval before he was struck in the head.

Secret Service agents are trained to react in such a fashion, but none was close enough to the President to intervene.

## Mrs. Turnage, 72, Lifelong County Resident, Dies

Mrs. Jo Anna Turnage, aged 72, lifelong resident of Hempstead County, died Wednesday in a local hospital. She was a member of the Baptist Church.

Survivors include a son, J. D. "Dick" Turnage of Hope; two daughters, Mrs. Murry Cox of Lewisville and Mrs. Edward Adcock of Shreveport, La.; her stepmother, Mrs. Ethel Ray and a brother, Dewey Ray, both of Hope.

Funeral services will be at 2:30 p.m. Thursday at Anderson Baptist Church near Spring Hill by the Rev. George Baling. Burial by Oakcrest Funeral Home will be in Anderson Cemetery.

## Warnings of Blizzard Out in Some Areas

By THE ASSOCIATED PRESS

A blizzard warning went out today to Muskegon, Mich., a community of about 100,000 persons already floundering in a record snowfall.

A 24-hour fall of almost 1 1/2 feet of snow raised the total on the ground to 2 1/2 feet. Schools were advised to close. Plows cut paths through the main streets but most of the secondary roads in the area were drifted shut.

The squall that crippled Muskegon was confined to that district. But squalls dumped snow on other areas from the Great Lakes region eastward into the northern Appalachians.

Snow ranged up to 3 inches in West Virginia.

Skies cleared while more than 200 pieces of snow removal and sanding equipment were put to work in the Chicago area in the wake of 4 inches of snow.

The Tri-State Expressway in Hammond, Ind., was closed temporarily because of a chain-reaction accident.

Piercing cold covered most of the nation from the Rockies eastward to the Atlantic Coast. Among the early morning readings: -26 in Havre, Mont.; -25 in Aberdeen, S.D.; -24 in Bemidji, Minn.; -23 in Williston, N.D.; -10 in Omaha; -3 in Newport, Vt.; -7 in Lebanon, N.H.; and Des Moines, Iowa, and Caribou, Maine.

The big freeze extended southward into the Gulf states four days before the official arrival of winter Sunday.

## Integration of Spa Bath House Asked

HOT SPRINGS, Ark. (AP)—The Hot Springs chapter of the National Association for the Advancement of Colored People mailed petitions today to federal officials demanding an end to "discrimination in bath houses and hotels."

Rev. James Donald Rice, chapter president, said the petitions would go to Secretary of the Interior Stuart Udall, President Johnson, Atty. Gen. Robert F. Kennedy and the National Park Service at Hot Springs.

The chapter is prepared to go to federal courts to end what it feels is discrimination against Negroes in hotels and the bath houses, Rice said.

He added that conventions might be picketed in the course of the chapter's campaign.

Bath houses at Hot Springs have been open to Negroes for some time.

Rice appeared asked the city council Monday night to study the situation. He said the NAACP also seeks a program of public accommodation and fair employment practices for Negroes and reorganization of the Hot Springs Council on Human Relations.

## Sweet Home Plans Singing Sunday

There will be singing services at Sweet Home Church, five miles east of Blevins on Highway 24, Sunday, Dec. 22, starting at 7 p.m. according to Zack Stone. The Lee-White quartet and the Burke duet will be present.

The Golden Age Club will have its annual Christmas tree and party at 12 noon Tuesday, Dec. 19 at the Youth Center. . . Gifts will be exchanged.

## Mistletoe Kissing Still Popular

WILLIAMSON, Ga. (AP)—The mistletoe man of Pike County says sales indicate kissing under the mistletoe is about as popular now as it was 50 years ago.

But Yancey Madison Anderson, 78, finds it harder to harvest the parasitic sucker, which brings in between \$200 and \$300 every Christmas.

"I can't climb trees like I used to because of a heart attack about five years back," he said Tuesday. His mistletoe grows in the tops of 15 tall oak trees.

## Farm Income Drop Studied by President

WASHINGTON (AP)—President Johnson, moving from one national problem to another, sits down today with agricultural leaders in an effort to find agreement on ways to avert a sharp election-year drop in farm income.

Johnson, a rancher himself, summoned leaders of six national farm organizations to the White House to discuss a new government wheat program.

One is needed, says Secretary of Agriculture Orville L. Freeman, if wheat farmers' incomes are not to tumble 3600 million next year.

So far, the major farm organizations have been unable to agree on a plan.

The American Farm Bureau Federation has been holding out against government controls, while most of the others have endorsed production restrictions.

The organizations invited to send officials include the Farm Bureau Federation, National Grange, National Farmers Union, National Council of Farmer Cooperatives, National Farmers Organization, and the Cooperative League of the U.S.A.

The administration wants early action this year on a wheat program, but has not yet announced what its proposals will be.

Growers voted in a referendum last May to reject a strict control plan advanced by the Kennedy administration. As a consequence, wheat prices are expected to drop rather sharply unless Congress acts.

Several bills are now pending in Congress, all of which provide for voluntary controls.

Freeman told a news conference Tuesday that Johnson's major purpose in summoning the farm leaders to the White House was to impress on them the need of a common front in attacking farm problems.

## Even the Sign Was Stolen

NEW YORK (AP)—After four unsolved burglaries in 16 months, residents of an apartment building posted this sign in the entrance hall:

"Notice to thieves: others have preceded you. All cameras, hi-fi systems, transistor radios, diamond rings, pearls, necklaces, as well as worthless and worthless jewelry, have been filched from these premises. There's nothing left to take."

The sign has been stolen.

## Johnson Will Talk to Any World Leader

WASHINGTON (AP)—President Johnson said today he is willing to meet with any world leaders — obviously including Soviet Premier Nikita Khrushchev — any time he believes such conferences would be "fruitful and productive."

Johnson was asked at a news conference to discuss his attitude toward a possible early meeting with Khrushchev. He replied with the statement of willingness to engage in promising talks — a number of which he already has arranged with leaders of West Germany, Britain, Italy, Canada and Mexico.

Reporters were summoned to Johnson's office without notice for the news conference. During the half-hour session, the President also covered these major points:

—Thomas Mann, the new assistant secretary of state for inter-American affairs, will also serve as a special assistant to Johnson. The President said Mann would coordinate all Latin-American policy, and declared, "We expect to speak with one voice on all matters affecting this hemisphere."

—The Senate action Tuesday adding \$500 million to the amount voted by the House for foreign aid was described by Johnson as "very constructive and very helpful." He expressed confidence that he could be satisfied with any appropriation that was the considered product of both houses of Congress.

—Johnson expects to fly to his Texas ranch with his family next Sunday evening, or early next Monday, to spend the Christmas holiday. The President said he "might even go hunting" on the ranch, and that he has a desire to "go into the hills and commune with myself."

## Machinists End Threat of Strike

WASHINGTON (AP)—The threat of a strike that could have shut down United Airlines during the Christmas holidays ended early today when the airline and the AFL-CIO Machinists Union agreed on a new contract.

George L. Watkins, Machinists vice president, immediately telegraphed the 38 locals at United bases across the nation calling off the strike that had been set for just after midnight tonight.

A union spokesman said the settlement was more liberal than the contract negotiated last week with Braniff Airways. This agreement with Braniff had been hailed by the union as a "major breakthrough" in airline negotiations.

The machinists said they hope to have the 13,000 union members who work for United complete voting on their new contract before Sunday.

The new United package calls for a 39-cent-an-hour wage increase in three stages. When the final increase takes effect on Jan. 1, 1965, United mechanics will earn \$3.52 an hour.

A Machinists spokesman said this is the same maximum Braniff mechanics achieved, but United's wages were lower to begin with.

This tops the recommendations of a presidential emergency board for a 36 cent an hour increase for most employees and 30 cents for the remainder.

The Machinists represent mechanics, ground service and ramp personnel, kitchen personnel and other service employees at United.

No other details of the contract were immediately available.

# Bobcats Take Prescott by Big Score

By CARTER HARDAGE  
Hope Star Sports Writer

Last night the Bobcats and the Kittens both won smashing victories over the Curly Wolves of Prescott. The Seniors mutilated their opposition with a whopping 83-56, while the little guys took the Prescott Juniors for a cleaning at 50-26.

The Cats stacked up a sound 48-29 lead for the half, and, after five Curly Wolves had fouled out, coasted on in with the supporting players gunning them down.

Johnny Honeycutt was again head sacker with 23 points. Reinhardt was next with 18, and Dan Jones, starting in his first game since a football knee injury, popped in 16. Henley had 10.

The Cats see action next Thursday night at 8:30 in the Tourney against the winner of tonight's Spring Hill-Emmet game.

The Juniors started off rather

## Ex-Porker Dazzles the Pro League

SAN DIEGO, Calif. (AP) — Lance Alworth, who dazzled Arkansas fans with his deer-like speed and agility, was the only unanimous choice on the Associated Press All-American Football League team.

The San Diego Chargers flanker back achieved a league record - tying 13 receptions in one game and an AFL high of 11 touchdowns passes caught in the first 12 games.

Most of Alworth's receptions come at full galloping and at the apex of a flying leap.

"I don't realize I'm jumping," he says. "It's all concentration on the ball."

But unconscious or any other way, his feats are beginning to earn him nicknames. His teammates call him "Bambi," after Walt Disney's famous deer. Sportswriters have dubbed him the baby-faced bolt of lightning.

Charger Coach Sid Gillman says Alworth, 23, is a "killer," which means he goes all out to whip the opposition.

Alworth, 6-foot, 185-pounds and a native of Houston, Tex., missed 10 games in his rookie year—1962—due to a torn thigh muscle.

He was mainly a running back in college, but he has taken well to the pass receiving.

"It takes a lot of work," he said, "to learn how to run patterns, too. I'm still learning how to get the most out of my moves. I've been depending on my speed and still haven't learned to control it as much as I'd like to."

"I can't say professional ball is tougher, but it's a different game entirely because the players are so specialized."

## Two Teams Rack 100 Pts. in Game

By THE ASSOCIATED PRESS  
Hendrix and Ouachita both poured in over 100 points to take Arkansas Intercollegiate Conference basketball victories Tuesday night.

Ouachita's Tigers knocked off State Teachers 104-93 at Arkadelphia and Hendrix's Warriors beat Arkansas A&M 101-93 at Conway.

Joe Murphy hit 25 points for Hendrix and Wes Crawford added 22. Solon Mobley got 31 for A&M.

Ouachita led 57-33 at halftime and led by as many as 28 points in the second half.

Leon Clements, the league's slow, falling behind after the First Quarter, but then started hitting and took the lead midway in the Second period to keep it for the rest of the evening.

Danny Wilson was high with 14 points, followed closely by Parris with 13. Westbrook had 11.

## Holiday Cage Tournament Starts Tonight

By CARTER HARDAGE  
Hope Star Sports Writer

The Hope Holiday Tournament starts tonight in Jones Field House. This annual invitational tourney will continue through Saturday.

Favorites in the boys bracket seem to be Magnolia and Hope, both strong AA powers. Class B Guernsey and Kirby may also be contenders for top places in this real mixer.

Pick in the girl's division is almost a tossup, but Hope had a slight edge.

Tonight in the first game at 6:00, the Magnolia boys will go against Bradley. Hope fans are already aware of what the Panthers can do.

The second bout of the evening will be between the Hope Lady Cats and the representatives of Emmet. This one should get under way at 7:15.

The Emmet boys will try their skill against that of Spring Hill in the main attraction of the evening. It should start around 8:30.

Local round ball fans are urged to be sure to come out and see some real tough teams in action. Admission will be the very nominal standard fee of 25c and 50c.

## Tittle Wins Passing Title in National

NEW YORK (AP) — Y. A. Tittle of the New York Giants won the first individual passing championship of his 14-year career in the National Football League in the season that ended Sunday. Y. A. led every week and finished up with a record-breaking total of 36 touchdown passes.

Tittle completed 221 of 367 for 3,145 yards and had only 14 intercepted. The standings are based on per cent of completions, 60.2; TD passes, 36; per cent of interceptions, 3.8; and average yards gained, 8.57. Johnny Unitas of Baltimore was second.

Jimmy Brown of Cleveland had wrapped up the rushing crown so early that it came as absolutely no surprise to learn that he was the winner with a record 1,863 yards. It was Jimmy's sixth rushing title in seven years. He dethroned Jim Taylor of Green Bay, the 1962 champ, who was second with leading scorer, hit 35 for the Tigers, 28 of them in the first half. Tom Davis netted 31 for State Teachers.

## Alworth Is Unanimous All-League

NEW YORK (AP)—Oakland and San Diego, still battling for the Western Division title, placed a total of 11 men on the 22-man All-Star team of the American Football League.

The only unanimous choice was flanker back Lance Alworth of San Diego.

Eight of the offensive team, selected by a panel of 24 sports writers and sportscasters for The Associated Press, were from the Western Division. The East, however, had a 6-5 edge on the defensive unit.

Coach Al Davis' Oakland Chargers placed split end Art Powell, center Jim Otto and running back Clem Daniels on the offensive team and middle linebacker Archie Matsos and backs Fred Williamson and Tommy Morrow on the defensive eleven.

San Diego had three men in the backfield—quarterback Tobin Rote, flanker Alworth and fullback Keith Lincoln—plus offensive tackle Ron Mix on the first offensive team. Earl Faison of the Chargers is the defensive end.

Buffalo, tied with Boston for the Eastern title, had tackle Stew Barber and guard Bill Shaw on the offensive team and tackle Tom Sestak on defense.

Houston's three representatives included guard Bob Talamini and defensive backs Tony Banfield and Freddy Glick. Boston's delegation were Houston Antwine at defensive tackle and Larry Eisenhauer at defensive end.

Kansas City, the 1962 champs as the Dallas Texans, had tight end Fred Arbanas on offense and linebacker E. J. Holub on defense. The New York Jets' only representative is Larry Grantham at linebacker.

## Two Bobcats Named to the All State List

LITTLE ROCK (AP) — Each Class AA region champion put two players on the Class AA All-State football team, announced Tuesday, but seven of those eight are linemen.

Fayetteville of Region 1AA placed end Paul Ramey and tackle Jim Stone; Hope of Region 4AA placed tackle Ricky Butler and center Dan Jones; Benton of Region 3AA, tackle Buddy Northern and guard Gordon Snodgrass; and West Memphis of 2AA, end Mike Sigan and back in Whisenant.

Springdale, runner-up in Region 1AA, was the only team to place two backs on the squad—Stan Ludwig and John Evans, who, at 225 pounds, is the heaviest man on the team.

Forrest City of Region 2AA, was the only second place team in a region race that failed to put two men on the team. Keith Harrelson, a back, was Forrest City's representative.

Little Rock Catholic, second in Region 3AA, was represented by end Mike Morrison and back Newton Kershaw; Smackover, the No. 2 team in Region 4AA, placed guard Mike Law and back Tommy Taylor; Russellville, third in 3AA, spotted guard Bobby Haulmark and back Jerry Lawrence on the team.

## Foreign Aid

Continued From Page One

John F. Kennedy's request for \$4.5 billion.

In addition to efforts to trim money from the committee bill, a major fight may center on an effort by Sen. Karl E. Mundt, R-S.D., appealing the committee's action deleting the House amendment prohibiting the Export-Import Bank from guaranteeing repayment of credits private American banks grant to Communist purchasers of U.S. grains and other surplus farm commodities.

Mundt said he would ask for a separate roll-call vote on the issue. He was defeated when he offered a similar proposal as a separate bill Nov. 26. The measure was tabled, thus killed, by a 57-35 vote.

By ERNEST B. VACCARO

Associated Press Staff Writer  
WASHINGTON (AP) — The foreign aid program headed into a new Senate fight today.

The stage for a new round of debate was set when the Senate Appropriations Committee Tuesday approved a measure carrying \$3,299,500,000 in new appropriations for overseas assistance — as compared with the \$2,801,700,000 the House voted Monday.

The Senate group also dropped a House amendment that would prohibit the government from guaranteeing private financing of any sales of U.S. grain to Communist bloc countries.

Senate Democratic Leader Mike Mansfield planned to bring up the bill late today under a unanimous consent agreement in the hope of getting final congressional action before this weekend's Christmas holiday adjournment.

But other proponents of the program conceded there was a possibility of further cuts before the Senate sends the measure to a conference with the House for ironing out differences between Senate and House versions.

## DOROTHY DIX

THE COURSE OF TRUE LOVE

By Helen Worden Erskine

Dear Helen: I have never written a letter like this but then I have never been in love before. I am 25 years old, and until now, made my own decisions without hesitation.

I started dating a girl last spring when she first came here. I had known her in college. In June she returned to her home town. I wrote her twice a week and phoned once a week. She responded to my letters and phone calls.

Then I bought a car, mainly to see her. We dated a few more times before she began working again. The middle of September she stopped writing.

A week ago I finally phoned to ask what was wrong. She was dating a boy whom she had broken with just after we met! She wrote that she didn't love me but that I ranked high with her. What is the difference — if any? I almost stopped going with her twice because of this other boy whom she claims to be crazy about. Each time she whistled me back.

Is it my fault that I fell in love with her? She never refused to talk or date, even when we were on the verge of breaking up. I have tried everything in the book to forget her but can't.

Who is befuddled — she or me? Was she trying to make a decision between the other boy and me? Did I help her decide by saying I wouldn't write anymore? Have I given up too easily? — Torn.

Dear Torn: There is a big difference between "ranking someone high" and "being in love." It's hard to put in words but it does exist. And the proof of it lies in the action and reaction of your girl friend.

You certainly don't want to force her to make a decision which you both may regret later on. If you truly love her, demonstrate your love by letting her make up her own mind. Leave her alone for awhile. She needs time and so do you. Send a stamped, self-

addressed envelope for my letter. "The Way to a Girl's Heart."

Dear Helen: I'm a sincere, home-loving woman and proved this when I, a childless widow, married a bus driver with four children. Now this driver of mine tours in his bus. When I say, "Don't go," he says, "Honey, that's where the money is."

Well, the money is there and stays there for I never see it. The man has to work, but though he's gone from a week to a month, he only calls once or twice. When I ask why not phone me oftener, his answer is, "Honey, I was so tired after that 18-hour trip by the time I gave my passengers their hotel room keys it was too late."

Shouldn't the hotel manager give out the keys? If not, shouldn't the union furnish an extra driver to cut down these long hours? If true, this is risking my husband's life, plus his passengers' necks. I want every hotel manager to read this and every bus company to wise up. — Left At Home.

Dear At Home: There's something fishy about your husband's line and I hope that the publication of your letter will bring it to light.

Dear Helen: You say you neither condone nor condemn strip-tease. Take a stand one way or the other. Remember, God provided skins of animals to cover the nakedness of his first two humans after they sinned. How can anyone say it is anything but wrong to expose the naked body before a leering audience? — Mrs. Harry Mosher, Barss Corner, Lunenburg County, Nova Scotia, Canada.

Dear Mrs. Mosher: Perhaps the audience, not the star attraction, is at fault.

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a

stamped, self-addressed envelope.

## SMU Defeat of Navy Is Biggest Upset

By JOE REICHLER  
Associated Press Sports Writer

NEW YORK (AP)—The 1963 college football season had more upsets than a drunken tight-rope walker. It seemed there were at least a couple a week.

The biggest upset of them all?

A panel of 98 sports writers and sportscasters gave the nod to Southern Methodist's 32-28 triumph over Navy.

A nationwide poll by the Associated Press gave the Mustangs' surprising victory over the second-ranked Midshipmen a slim 28-27 vote edge over UCLA's 14-0 shocker over Rose Bowl-bound Washington.

Sixteen other triumphs or ties by underdog teams were nomi-

nated for the No. 1 upset of the year but none received anywhere near the votes gathered by the Mustangs and Bruins.

Memphis State's surprising scoreless deadlock with highly favored Mississippi was regarded as the biggest upset by eight voters. Seven picked Florida's 10-6 stunner over Alabama. The same number selected Kansas State's 21-10 surprise victory over Iowa State. It snapped a 26-game Big Eight losing streak for the Wildcats.

Unbeaten Navy, led by the redoubtable Roger Staubach, carried a three-game winning streak into Dallas on Oct. 11 and expected just token opposition. To almost everyone's amazement, SMU won despite another magnificent performance by Staubach.

A slight, quick-legged sprinter, John Roderick, raced through and around the bewildered Midshipmen for two touchdowns to hand Navy its only defeat in 10 games. SMU wound up with a

## Rupp Having Problems With Team

By KESLO STURGEON  
Associated Press Sports Writer

LEXINGTON, Ky. (AP)—Kentucky Coach Adolph Rupp has problems: He has so many good basketball players he's getting man-sized headaches just trying to decide on a starting line-up. Rupp's problems were even

4-5 season record.

UCLA had lost all seven games, including a 25-0 trouncing by California when it faced Washington Nov. 16. The Huskies had won four straight, including a 39-26 triumph over California the previous week. So what happened? Coach Bill Barnes' Bruins blanked the Huskies, scoring two touchdowns themselves.

bigger today with an announcement from the university's dean of men that Mickey Gibson, a highly regarded sophomore, would be eligible for Kentucky's Invitational Tournament this weekend if he makes his grades. Gibson, who Rupp says is "as good as anyone I've seen at this stage of the game," has been on disciplinary probation.

The 6-foot-3 Gibson scored an average of 23.1 points a game last year as a freshman before being sidelined because of scholastic troubles.

Now that Gibson's eligibility is all but in the bag, Rupp is going to have to find room for him on the second-ranked Wildcats front line—and that's not going to be easy.

Playing there now are Cotton Nash and Ted Deeken, the highest one-two scoring punch in Kentucky history, and a sensational sophomore floor leader, Larry Conley.

Nash is averaging 29 points a game, Deeken 22 and Conley 12.

## State Again Beats Oklahoma Team

JONESBORO, Ark. (AP)—Arkansas State got consecutive basketball victories over Southeast Oklahoma State for the first time, drumming the Oklahomans 74-63 Tuesday night to end a two-game series.

The Indians won the first game, Monday night, 65-61.

John Dickson pumped in 25 points for Arkansas State while Mike Martin and Bill Medley each hit for 16 for Oklahoma.

Rupp has indicated that Conley could be moved to a guard spot. But that would cause a traffic jam where three other fine experienced backcourt men are fighting it out for starting jobs already.

Most observers feel that Rupp will move Conley, who is 6-foot-3 to guard and bench Randy Embury, a 5-11 junior, and Charles Ishmael, a 6-5 senior.

## Poles Step in, Aid U.S. Olympian

WARSAW, Poland (AP)—The Polish government has stepped in to help with rescue plans for Elizabeth Gould, a 25-year-old U.S. Olympic toboggan racer stranded with severe bone injuries in an isolated Carpathian Mountain hospital.

A U.S. Embassy official said late Tuesday that the government had intervened, through the health ministry, when earlier attempts to evacuate the Rydal, Pa., brunette by the tiny medical helicopter available at Nowy Sacz failed.

Attendants were unable to get Miss Gould in the medical helicopter because of a bulky plas-

ter cast which covers her body from her chest down.

Miss Gould was knocked unconscious suffered fractures of both thighs and one elbow, a dislocated hip and numerous cuts and bruises when she hit a post while practicing Sunday on her solo toboggan. She had been competing in the sport only four months.

The new plans call for an army cargo helicopter—bigger

than a medical helicopter—to airlift Miss Gould from Nowy Sacz to Warsaw in time to make a Wednesday connection with a flight to New York.
